

The Coalition For A Better Wallingford Needs Your Help!

With the alarming number of drug/alcohol abuse/addiction in the teens and youth of our community, and the worrisome stories about the use of drugs and alcohol in our town, it is time to take action!

Who are we? Our Mission Statement:

To engage Wallingford's community resources to produce healthy, caring, and responsible citizens by raising awareness and reducing substance abuse among our youth.

What we need?

We are looking for a member of every school, church, youth sports league and any other youth organization in town to act as a liaison and help us get our information to every child in town. We need your help to pass along information about our events, resources and programs that otherwise may not be known to them.
